BRAINSTORMING & UPDATES ON INNOVATIONS IN LIVER DISEASES

WELCOME

Dear Esteemed Colleagues and Distinguished Guests,

It is with great pleasure and excitement that we extend a warm welcome to each one of you for the **APASL Single Theme Conference** and **BUILD 3.0**, centered around the pivotal theme of “**Improving Non-Transplant Outcomes in Patients with Advanced Liver Disease**”. We are thrilled to host this esteemed gathering from **February 7th to 9th, 2025**, at the magnificent hotel **Aurika, Skycity in Mumbai, India**.

This conference brings together leading experts, practitioners, and researchers dedicated to enhancing the care and management of patients with advanced liver disease. Our shared goal is to explore innovative strategies and solutions that can significantly improve outcomes for these patients, extending their quality of life and advancing our collective knowledge.

The theme of our conference underscores the importance of non-transplant interventions and the scientific program will delve into a variety of topics, including novel therapies, management strategies and emerging research findings. We are excited about the discussions and collaborations that will emerge from this gathering, and we hope that each session will inspire and inform your work.

The venue, Aurika, Skycity provides a splendid backdrop for our conference, offering both modern amenities and a touch of Indian hospitality that we trust will enhance your experience. We encourage you to take full advantage of the sessions, workshops, and networking events designed to foster both professional growth and personal enrichment.

Thank you for being part of this journey. We wish you a productive and inspiring conference!

Warm regards,

Dr. Akash Shukla
